Our Talented and Experienced LSAT Course Instructors

Oxford Seminars maintains the highest standards for all our course instructors. We hire and extensively train only the most qualified instructors who have not only scored in the top 2% of all LSAT test-takers, but who also have years of distinguished teaching experience. At the end of each and every course, our students are asked to evaluate our teaching staff. They tell us that they find our course instructors approachable, highly knowledgeable, and able to present difficult material in a dynamic, useful, and creative manner which facilitates learning and understanding.

Limited Class Size

In order to ensure a low student-to-instructor ratio, our LSAT test prep courses have a limited enrolment with spaces allocated on a first-come-first-served basis. The small class size provides a comfortable setting with ample opportunity for interaction with our talented and experienced LSAT course instructors.

Practice LSAT Exam Tests with Review of Questions

Our courses conclude with the writing of full-length practice LSAT exams during which testing conditions are carefully reproduced. This provides our students with an excellent opportunity to practice and master (under LSAT exam conditions) the many skills they have acquired during the course.

Personal LSAT Tutoring Available

For those students who have particular difficulty with any aspect of the LSAT exam, we offer individual tutoring sessions with one of our highly skilled LSAT course instructors.

Free Repeat Policy

Our LSAT courses include a free repeat policy which allows students to repeat the entire course one time, free of charge, within one year of their original course start date. Some students take advantage of this policy to review and re-attend our test prep course for double the preparation time at one low price.

How to Master the Entire Law School Application Process

In today's competitive academic climate, a winning application can be the difference that makes you stand out among the thousands of students applying to law schools across Canada (and the United States). "The instructor was extremely knowledgeable, friendly and helpful. She was able to clearly explain the questions and illustrate her explanations with appropriate examples."

- K. Watson, London, ON

"The course provided me with strategies that would have taken months of practice and study to develop and understand. It made the LSAT more accessible in a short period of time."

- G. Bassan, Markham, ON

"This course was exactly what I wanted: extensive coverage of the questions to help get over the 'shock' of such a difficult test. I would hesitate to take a different course for fear of losing the intensity of the preparation."

- J. Nicholas, Halifax, NS

"The instructor took a lot of time to explain everything in detail. He answered all of our questions well and never moved on without making sure we understood the material."

- S. Montgomery, Montreal, QC

"The teacher was very thorough and very patient, which is key. He also explained things very well, including using effective analogies and making sure everyone understood the questions and responses."

- J. Firaj, Toronto, ON

"I have already recommended this course to others planning to write the LSAT. I liked that the course used actual LSAT tests for sample questions and illustrations. Also, the instructor was very helpful, knowledgeable and friendly."

- J. Leggett, Kingston, ON

"There is a lot of useful material given, which is a huge benefit as you can practice the course at home on your own time. The answer keys are more than helpful (without them I'd be lost). The instructor was friendly and thorough, and good at explaining why answers were right or wrong, which was also very important!"

- R. Trimble, Vancouver, BC
